SOIL CONSERVATION NEWS

By T. C. Self and Joe Wildman, S.C.S.

Fish ponds and stock water ponds are found on many Coffee County farms. They range in size from a fraction of an acre to over 70 acres. Each represents an investment of several hundred to several thousand dollars each. When we spend this much money on a project we like to know the outcome. There are a number of things we need to know.

Will the pond hold water if and when filled? Is there too much or too little water for a good pond? How many acres will be covered? and the approximate cost of constructing and maintaining etc.

Each year personnel of the Soil Conservation Service investigate many potential pond sites. The soils and surrounding terrain are the first things that are observed. By using the soils auger it can be determined whether good clay soils are near the surface. These soils are checked particularly near the center of the stream or drainage area as the water will exert more pressure at these points. Usually filled or washed in material is found near the stream area. The length and height of the dam are determining cost factors. After these preliminary investigations the land owner and SCS

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Miss Jackson Wed To J. B. Smith in Home Ceremony

Private Brenda Jackson and Jimmy B. Smith were wed Thursday afternoon, July 31, in the home of the bride in Elba in the presence of the immediate families and a few close friends.

The bride is the daughter of Mr. and Mrs. Fred P. Jackson of Elba, and the groom is the son of Mr. and Mrs. I. B. Smith of Elba.

The ceremony was conducted before an improvised altar at the fireplace. Cathedral candles holding white candles flanked the mantle. Greenery was woven among the candles, and a large cluster of chrysanthemums and satin ribbons was tied at the center. Fern was knotted into ribbon streamers that fell to the floor. Pines formed a background at the foot of the candle-lit altar.

Rev. Curtis Duke officiated at the double ring ceremony. Music was provided by Mr. James Patterson. Mrs. Ella Williams sang "Oh Promise Me," and "Beatus." Mr. Hoyt Williams lit the candles and served as best man.

Miss Catherine Mooney served as Matron of honor. She wore an afternoon dress of soft pink.

TOM CASADAY - ASSISTANT COUNTY AGENT

Tractor Clinic. Henry Clark of the Pine Level Community and I attended a District 4-H Tractor Leadership Clinic at Troy on Thursday and Friday of this week, and by the time this is read, we hope we will have learned a lot about how to teach tractor care to the 600 Coiffe County 4-H Club boys. About 80 youngsters have tractor care as part of their 4-H Club work. Also in the tractor servicing and repairing business and others have proved over and over again that proper maintenance will lower the cost of operating a tractor and will lengthen the life. Everyone is interested in lowering farm costs and this is one way to start. In talking with tractor owners, dealers and repair-men, I've learned that the three most important things to do to a tractor is the service the air cleaner every day when operating under dusty conditions.

Another important thing is changing the oil frequently enough to keep it clean. A lot of people keep on driving several days after the oil is dirty. A good way to help keep the oil clean is to change the oil filter often enough to insure clean oil. The extra cost of doing a good maintenance job probably won't cost over \$20 a year and this amount could easily save a major repair bill.

Perry Wilson of the community and Johnny Mack of Basin are two outstanding boys in tractor care. Both have attended state camp at Auburn and have made good records. They'll help us in our tractor clinic next spring.

Damascus Club. Saw Johnny and Wayne the son of Dr. and Mrs. John Mason Kimmy of Elba.

The First Methodist Church of Damascus is beautifully decorated with palms, white candles in caucous candelabra and standard baskets of large white chrysanthemums and tuberoses. Basin bows marked the pews.

Mr. Jim Patterson presented a program of musical numbers which included "Ave Marie" and the traditional "Wedding Marches." Mr. Carlton Wilkman, soloist, sang "Oh Promise Me" and "The Lord's Prayer," as a benediction. The ceremony was performed by the Rev. Murray Seay.

The bride entered the sanctuary on the arm of her father by whom she was given in marriage. Her gown was of imported hand clipped lace over silk tulle with long sleeves, fitted bodice and a bouffant, waist length skirt which was banded in tulle. The rounded neckline was encircled by a band of tulle which ended in a flat bow in the front. Dixie's face veil of silk illusion was attached to a stiffened lace cap edged in lace like the neckline of her dress. She carried a single black orchid showered with black ribbons.

CANDLE LIGHT AND ROSES marked the wedding of Dixie Dickert to James Anderson Kimmy on Tuesday, Aug. 12, at five in the afternoon.

Mrs. W. M. Ringsdorf and Mrs. James English entertained at a dinner party honoring Leigh and Josh Tatum last Friday evening.

The tablecloths used on the buffet and several large tables placed about the reception rooms were lovely. Silver serving dishes and a silver chafin dish added a soft lustre to the setting. Pink roses were used on small tables and in the entrance hall. And the bride received a very lovely gift of silver from the ladies.

We sat at a table with Sue and Robert Hall, she, looking especially lovely in champagne lace. Noticed Poney Collier being the center of a gay group at another table, while Bill Ross held his audience enthralled with his ability to tell a "yarn" well. Everyone welcomed Doris and Marshall Ringsdorf home after a two-month absence and we braced on their dear little boy whom we saw for the first time several days earlier. It was an evening too soon ended.

HOME IS THE HUNTER and we have all been glad to have Bobby Bullard home after a year's absence. Bobby was stationed in Korea for many long months and is now finding lots of pleasure in getting acquainted with his young son Heath. Bobby and Elaine will be here for several more weeks before leaving for camp in Miss.

KEEP THE WOLF AWAY FROM YOUR DOOR WITH U.S. SAVINGS BONDS... 3 1/2% INTEREST!

Best of all, Savings Bonds now pay you higher interest — faster! Every Series E Bond purchased since February 1, 1957, pays you a safe and sure 3 1/2% interest when held to maturity. It pays higher interest, too, in the earlier years, and matures in only 8 years and 11 months.

Remember, the way to keep the big bad wolf from your door is to build your house of savings with bricks — the safe and sure kind — the U. S. Savings Bond kind. Start buying them regularly today — either on the Payroll Savings Plan where you work or where you bank.

(with apologies to the 3 little pigs)

You can build your house with straw. (But it may not keep you dry if a rainy day comes along.)

You can build your house with sticks. (But the winds of adversity might blow it down.)

The best way to build your house is with a solid foundation of bricks. (And U. S. Savings Bonds are some of the best savings bricks you can buy.)

Bonds are solid as a rock — guaranteed by your Government. They're loss-proof, fire-proof, theft-proof — the Treasury will replace them without charge in case of mishap. And the principal invested in Bonds is safe — not subject to market fluctuations.

SEASON BEGINS FOR GRIDDERS UNDER EITSON

By Bobby Inman

With the first thump of school leather against a football Thursday afternoon, the 1958 gridiron season at Elba School was begun. The 36 Tiger grid candidates, although few in number for the first practice, showed plenty of pep and enthusiasm as they took the field in shorts and teeshirts for the first practice of the coming season.

On hand to manage the Tigers was the coaching staff of Head Coach Lou Eitson, who will be line coach, Backs Coach George Grider, and Bee Team Coach Bill Travis.

Tigers observe a two-day practice schedule until school starts, and then will practice every afternoon after school. For the first few sessions, the Bengals were not allowed to put on pads, but were issued full equipment Tuesday afternoon, and started work in earnest Wednesday afternoon.

Coach Eitson will have the boys working in pads only in the afternoon workouts until school starts, and in the mornings they will stay with the shorts and teeshirts used in the first practice.

All indications thus far point to a revision of Elba football hopes for the coming season, as the locals have shown an intense interest in a good team. The Tigers open with Luverne there on Friday night, Sept. 12. Game time will be announced at a later date.

Boys who have turned out for practice sessions so far are: Backs—Earl McCollough, Jimmy Wise, Carl Nelson, Jack Flowers, Ricky Beaswell, Jimmy Sanders, Thomas McCollough, Mack Watson, Donnie Flowers, Elmer Twilley, Bob Norman, Mike Corbitt, Charles Matthews, and Tom Dyes.

Linebackers—Bob Duran, Mickey McCollough, Robert Russell, Fred Smith, Billy Meeks, Henry Clark, Roger Winston, Billy Joe Brunson, Randolph Freely, Sammy Casey and Lamar Parker.

LOCAL BUSINESS

By C. S. TALBERT

A survey of Texas housewives by a private research company shows that ninety percent of the women in Texas consider advertising a desirable feature in newspapers.

A much lower percentage of Texas women regard advertising in other media with favor. More than fifty per cent said they would prefer TV without advertising.

Reasons for liking newspaper advertising, according to the survey, were: the value of newspaper ads as a shopping guide; the convenience of having a printed record for reference; the fact that newspaper advertising is understandable and believable.

Of all the reasons given, the most important, however, was the fact that newspaper advertising is a necessary medium for the individual advertiser.

Everyone has heard criticism of misleading advertising. Yet, such criticism has never been extended to retail advertising in newspapers. Your newspaper can not afford to print questionable advertising. For individual advertisers, the newspaper is the most important medium for the individual advertiser.

Let me urge you again to support your home school, Mr. Peacock said.

Enrollment Of Near 1,500 Students In Elba City Schools Is Next Week

Readin' and writin' and rithmetic and many another subject are upmost in the minds of approximately 1,500 students, who will attend Elba schools beginning with enrollments Thursday, next week.

Enrollments are set for Sept. 4, at 9 a.m., with the first four grades meeting in the elementary school building while those from the fifth through high school will go to the Elba High school auditorium for opening exercises. Regular classes will begin Monday, Sept. 8. There is insufficient seating capacity in the auditorium for all grades at one time.

However, the year will begin for the teachers with an in-service training program and extend to the end of the year with a "Unified School Program by Applying the State Curriculum Through Language, Arts, Social Studies, Mathematics and Science, and Special Abilities."
